- At the end of the presentations some immediate actions and activities those are to be done in the current quarter such as: Looking at the feasibility of having a physical facility for an innovation centre.
- Student Members offered suggestions for a more active and functional Robotics Club,cyber security club which could help the objective of the council.
- Er. Jagnya Prasad Behera, Engineer and Internship Coordinator have agreed to communicate with nearby start-ups and industries for possible collaborations.

***An Institution  
Beyond Education.***

- Students have also proposed a hackathon workshop to be organized in the current or in the next quater.
- Our project should comprise of not only the demonstration of project but also a brief about what are the possible ways of commercializing the project (a business plan).
- As our institute is a self financial private college and it establish in a rural area where no such industry/company exist so we try for at least one internship with a start up in the 3 year diploma engineering programme.
- A PR team should be continuously working on the innovations being done by the teaching faculties/students in GSE and highlight them as and when necessary.
- College week should include a start-up pitching competition where the brilliant ideas of future entrepreneurs will be awarded.

The meeting ended with a vote of thanks to all.
